RUB 4M → 50M

monthly revenue restored after a sales collapse (TM Raduga)

2× revenue

from RUB 26M to 53M per year in 2 years (Medglue)

~25 people

direct reports across sales, back office and technical team

20+ tenders

won under 44-FZ; 60 major hospitals in the client base

PROFILE

Commercial Director with 6+ years in B2B sales across lighting, medical devices and building engineering. I specialise in building sales functions from scratch and recovering revenue in a crisis. At TM Raduga I brought monthly revenue back from RUB 4M to RUB 50M after a failure of the previous management; at Medglue I built a direct sales channel and doubled company revenue. International sales experience in the CIS and the Gulf, plus export brokering between Russian suppliers and companies in Egypt and Palestine. Native Arabic and fluent Russian (C2): I negotiate with partners from Russia, the CIS and the Arab world without an interpreter.

CORE COMPETENCIES

Direct sales & distributor channels Public tenders (44-FZ / 223-FZ) Key account management
International sales & market entry Export from Russia Pricing policy Sales processes, KPIs, job descriptions
Hiring, training & mentoring CRM, Bitrix24, 1C AI adoption in business processes Negotiation

EXPERIENCE

Commercial Director

Apr 2024 — Present

Medglue LLC • Moscow • medical devices & pharmaceuticals, wholesale supply

- Built a direct sales function from zero in a company that previously sold only through distributors: hiring, client acquisition, tenders, supply and documentation. Direct sales now generate **35–40% of revenue**.
- Grew company revenue **2×** — **from RUB 26M to RUB 53M per year**.
- Won **20+ public tenders under 44-FZ** for the supply of medical devices.
- Signed around **60 major hospitals**, including the Blokhin National Cancer Research Center, Petrovsky National Research Centre of Surgery, Botkin Hospital, Priorov Center of Traumatology and Orthopedics, City Hospital No. 52, Russian Children's Clinical Hospital, Speransky Children's Hospital No. 9, St. Vladimir Children's Hospital, EMC and SM-Clinic.
- Implemented a CRM system and AI tools in the company's workflows. Manage a team of 2.

Independent Export Agent (project-based)

2025 — Present

Brokering deals between Russian suppliers and companies in Egypt and Palestine

- Connected a Palestinian company with **SIBUR** for polymer supply: the deal closed and the client continues to buy directly from SIBUR.
- Market research, price lists and export logistics calculations from Russia: wheat, oilseeds and polymer feedstock.

Technology of Light LLC (TM Raduga)

Apr 2022 — Apr 2024

Moscow • lighting manufacturer and supplier (street and indoor lighting, lighting poles)

Commercial Director

Feb 2023 — Apr 2024

- Took over commercial management in a crisis: after the previous commercial director's tenure, monthly revenue had fallen **from RUB 70M to RUB 4M**. Brought it back to **RUB 40M in the first month**, then brought it to a stable **RUB 50M per month**.

- Restructured the sales department: new regulations, job descriptions and working rules; introduced a training and mentoring system — department productivity **+40%**.
- Led a team of about **25 direct reports**: 15 sales managers, back office (4–5) and a technical team preparing quotations (6–7).
- Launched new product lines — lighting poles and indoor lighting — worth around **RUB 70M in sales per year**.
- Raised the average deal size by **20%** (up-sell, cross-sell); cut logistics costs by **14%**; automated CRM reporting — **–25%** time on routine tasks.

Director, International Sales Department

Apr 2022 — Jan 2023

Promoted from sales manager to head of department and department director

- Built the international sales department from scratch: hired the team (3 people), wrote regulations and job descriptions, opened sales channels.
- Took the product into CIS markets. Key projects: Almaty City Akimat (Kazakhstan), a shopping centre in Minsk (Belarus).
- Opened the Gulf direction (Saudi Arabia, Qatar) and prepared a local office launch: recruited staff, found premises and secured investors for a production facility.

Senior Sales Manager

Jun 2020 — Mar 2022

Grandtechservice LLC · Tver · HVAC and low-current systems — installation and service

- Grew the client base by **90%** in two years.
- Won major corporate accounts: ER-Telecom (Dom.ru), Rostelecom, Hitachi plant, Tver Excavator Plant, SMZ.
- Regularly exceeded the sales plan, reaching up to 200% in peak periods.

Medical Representative

Nov 2019 — May 2020

Zhivoy Bank LLC · Tver · laboratory and clinical research

- Signed contracts with 20+ clinics and physicians; built a Bitrix24 database of 500+ medical specialists.

EDUCATION & TRAINING

2021 **Tver State Technical University** — higher education, Applied Informatics

2025 Kontur School — public and corporate procurement under 44-FZ and 223-FZ

2023 Resulting (M. Grebenyuk) — “Real Sales Department” programme
